Dear Mrs Stephens

**Re: Outcome of renewal of registration application—granted**

I refer to your application to renew your registration as a national VET regulator (NVR) registered training organisation (RTO).

In accordance with the provisions of the *National Vocational Education and Training Regulator Act 2011* (the Act), your application for registration has been granted. A copy of the final audit report is attached for your reference.

The National Register has been updated to include the following key details of your organisation:

Legal name: Back to Basics Business Training Pty Ltd  
RTO ID number: 4346

**Period of registration**

Your organisation has been granted registration for a period of **5 years** which commences on **12 December 2012** and is due to expire on **11 December 2017**. A Certificate of Registration is attached. You can apply to the Australian Skills Quality Authority (ASQA) to renew or withdraw your organisation's registration, and timeframes and obligations apply to each process. There are also obligations on organisations that effectively cease to operate, even though they remain registered as RTOs. Further information about obligations in these circumstances is available from the ASQA website at [www.asqa.gov.au](http://www.asqa.gov.au)

### **Scope of registration**

The organisation's scope of registration – the vocational education and training (VET) courses that your organisation is registered to provide – is listed on the National Register. Please note that Sections 93-94 of the Act provide for the imposition of monetary penalties on RTOs that provide all or part of a VET course outside scope of registration.

If the training and assessment provided is likely to lead to students applying for a licence/recognition to operate in a relevant industry, you will need to ensure that you meet the requirements of the relevant national or state/territory regulator/s. Please contact the relevant regulator/s to ensure you have satisfied regulatory requirements before delivery and ensure that marketing materials are accurate.

### **Changes to scope of registration**

You must apply to ASQA if your organisation wishes to change its scope of registration by either adding or removing a VET course. Information on the process to make changes to your scope of registration is available from the ASQA website at [www.asqa.gov.au](http://www.asqa.gov.au)

### **RTO ID number**

You **must** quote your organisation's RTO ID number in all future correspondence with ASQA. This number **must** also be included on the qualifications and statements of attainment that you issue and the marketing materials that you use as an RTO.

### **Maintaining compliance**

I wish to remind you that you have signed a statutory declaration in which you have accepted responsibility for ensuring compliance with the VET Quality Framework. This framework comprises the following components:

- the Standards for NVR Registered Training Organisations
- the Australian Qualifications Framework
- the Fit and Proper Person Requirements of the Act
- the Financial Viability Risk Assessment Requirements of the Act
- the Data Provision Requirements of the Act.

This is an important commitment that requires you to actively manage and monitor your RTO's activities to ensure that compliance is maintained at all times and across all of your operations.

RTO compliance is the mandated foundation upon which organisations should plan and achieve quality improvements to their training and assessment services.

### **ASQA fees and charges**

Please refer to ASQA website for details of fees and charges that apply to your registration: [www.asqa.gov.au/AboutASQA/Fees & Charges](http://www.asqa.gov.au/AboutASQA/Fees&Charges).

### **Conditions of registration**

You are required to comply with the conditions of registration set out in Sections 22-28 of the Act, as well as any additional conditions that ASQA, as the national VET regulator, has imposed on your organisation's registration.

There are no additional conditions imposed on your organisation's registration.

**Access documents**

You may also have the right of access to further documents under the *Freedom of Information Act 1982* ([www.oaic.gov.au](http://www.oaic.gov.au)).

**Further information and assistance**

If you require further information or assistance in relation to this matter, please contact ASQA on telephone 1300 701 801 or by email at [enquiries@asqa.gov.au](mailto:enquiries@asqa.gov.au)

Yours sincerely

Margaret Foran

ORGANISATION
<p><b>Registration history</b>            Back to Basics Business Training PL (Back to Basics) became a registered training organisation in 1997. The current registration on TGA is from 1/7/11 to 30/11/12. The last renewal of registration audit was conducted on behalf of NSW VETAB on 15/8/2007 and on 15/10/2008 an addition to scope application for the addition of BCG50206 Diploma of Building and Construction (Building) was audited and approved, also on behalf of NSW VETAB.</p> <p><b>The organisation</b>            Susan Stephens has been CEO and Managing Director since initial registration. Terry Roche, a co-director of the company, resigned in early 2012 due to personal business commitments. The CEO advised that this has had no impact on the business. Terry Roche and Paul Ryan, as "E" class shareholders can receive dividends at the discretion of the director but they have no control over the company directions and decisions. Back to Basics General Manager, Larissa Darcy, resigned last year after 6 years with the RTO. Other than that, there has been a general growth in numbers of administration staff and employment of a full-time assessor, a part-time assessor and a part-time industry consultant. The CEO advised that the RTO has no significant associates or partnership arrangements.</p> <p><b>RTO scope</b>            The RTO specialises in delivering training and assessment programs in the building and construction industry area throughout Australia. In 2006 it commenced delivery by distance learning programs and now all delivery is by distance mode. In December 2010, three AQF IV and four AQF V level qualifications were added to scope. In future, perhaps in early 2013, the CEO is considering adding RII50409 Diploma of Civil Construction Management and CPC40708 Certificate IV in Building and Construction (Trade Contracting), mainly because of the national licencing requirements for building industry and subcontractors. That introduction will mean that Back to Basics has delivery programs for all facets of the building industry:</p>

leading hand, foreman, supervision, management and sub-contractors.

**RTO core business**

Back to Basics' core business is subcontracting and trade contracting programs for people seeking career advancement, trying to move into higher levels of professional control such as self-employment. This is a niche market covering a lot of people and regions because licences to operate in this field are now compulsory across Australia, including Northern Territory. The RTO does not deliver high risk construction units because these units are not its area of expertise, nor does it deliver school, under 18, off-shore, CRICOS, apprentices or traineeship contract and non-accredited programs.

**Client base**

Major clients have included Multiplex including a CPSIC project, which was a joint venture with NSW DET and Multiplex. Susan Stephens developed program texts for this project and worked with the clients. The RTO mainly deals with smaller organisations, dealing directly with the learner. For example, an organisation comes to Back to Basics with an enquiry about delivery of training to a group of, perhaps, twelve employees, then, the RTO engages and registers the individuals and works with them on a one to one basis.
